PROFESSIONAL SUMMARY

Motivated Computer Science graduate (B.Tech) with a Diploma in Computer Hardware Engineering and strong expertise in networking, system administration, and technical troubleshooting. Proven track record of managing daily IT operations, hardware/software maintenance, and user support. Seeking an IT Support Specialist role to ensure infrastructure reliability and deliver efficient technical assistance.

TECHNICAL SKILLS

- **IT Support & Networking:** Hardware Diagnostics, TCP/IP, Routing & Switching, OS Administration, System Configuration, Windows 10/11, LAN/WAN, DNS and DHCP, Microsoft 365, Printer Troubleshooting, Remote Desktop Support, Hardware & Software Installation
- **Tools & Software:** Advanced MS Excel, MS Office Suite, XAMPP, Canva, Lightroom, Git
- **Cybersecurity:** Security Fundamentals, Network Protocols, Threat Detection, Information Assurance
- **Programming & Web:** Python, JavaScript, TypeScript, HTML5, CSS3, React, Angular, PHP, SQL

WORK EXPERIENCE

Associate Operations | DTDC Express Ltd *Sept 2025 – Sept 2026*

- Streamlined branch logistics and daily dispatch operations using MS Excel reporting and internal management software to track parcel workflows and ensure high operational accuracy.
- Provided hands-on hardware and software troubleshooting for branch workstations, peripherals, and network connectivity to minimize system downtime.
- Managed operational data repositories, generating daily activity reports and maintaining accurate digital records for audit and performance tracking.

Frontend Developer Intern | Teklearn

- Built responsive web interfaces using Angular.

PROJECTS

Blind Walking Stick (IoT): Arduino Nano device integrated with ultrasonic sensors, audio feedback modules, and custom C++ embedded control software.

Grade Vision AI (ML/NLP): Automated evaluation system using Python, OCR, and NLP algorithms for descriptive paper analysis and grading.

RoadGuard Pro (Full-Stack): 24/7 emergency roadside assistance application developed with PHP, MySQL, HTML5, CSS3, and JavaScript.

EDUCATION

B.Tech in Computer Science & Engineering | APJ Abdul Kalam Technological University (2022–2025)

Musaliar College of Engineering, Attingal, Thiruvananthapuram, Kerala, India

- Acquired core expertise in software engineering, object-oriented programming, data structures & algorithms, database management, and network security.

Diploma in Computer Hardware Engineering | SBTE Kerala (2020–2022)

Government Polytechnic College, Attingal, Thiruvananthapuram, Kerala, India

- Specialized in computer hardware diagnostics, component-level repair, system architecture, and OS deployment.

Higher Secondary (Class XII) | BHSE Kerala

MVHSS Thundathil, Thiruvananthapuram, Kerala, India (2018–2020)

- Focused on Biology, Mathematics, and Physics.

CERTIFICATIONS

- Cyber Security & Its Ten Domains – Coursera
- AI & ML Workshop – IISc Bangalore
- Web Development Workshop – Srishti Campus
- Python Fundamentals for Beginners – Great Learning Academy
- Introduction to Deep Learning – Infosys Springboard
- Prompt Engineering for AI Systems – One Million Prompters Initiative (Dubai Future Foundation / DCAI)

ADDITIONAL SKILLS

- Customer relationship management
- Sales documentation
- Data entry & record management
- Report preparation and documentation
- Problem solving
- Team coordination
- **Microsoft Tools & Productivity:** Microsoft 365, Excel, Word, PowerPoint, Outlook

LANGUAGES

- **Malayalam:** Native
- **English:** Fluent / Professional
- **Hindi:** Intermediate
- **Tamil:** Intermediate

PERSONAL DETAILS

- **Nationality:** Indian
- **Date of Birth:** 16-02-2002
- **Visa Status:** Residence Visa(Father's Sponsorship)
- **Availability:** Available immediately

DECLARATION

I hereby declare that the above information is true and correct to the best of my knowledge and belief.
